

Dear CG-Students

The re-examination were planned to be performed 16 February. I am very sorry, but I have to attend an education conference at Kharkiv University of Humanities “People’s Ukrainian Academy”, in Kharkiv, Ukraine at that day, so I cannot show up the re-examination day.

New date of re-examination will be 21 February. This concerns both the oral examination and handing in of papers for re-examination.

Let me know through e-mail ([sven-olof.collin@hkr.se](mailto:sven-olof.collin@hkr.se)), one week before (14 february) if you would like to have an oral re-examination. On the oral re-examination you can participate through Internet, using the link <https://Connect.sunet.se/cgcourse/> Let me know in the mail if you would like to use this opportunity.

The paper should be handed in no later than 18.00 sharp 21 February. But, this time you can hand in the paper electronically, as pdf-file. Please notice that the dead-line is when the paper arrives to my mail account. If it arrives 18.01 it is not considered to be submitted. You can make sure that your paper have arrived to me by asking me to confirm the arrival of your paper.

I am very sorry if this creates inconvenience for you. My only excuse is that it is an effect of being engaged as teacher. And, since I give more days for preparation, I believe I have compensated you a little bit for the inconvenience.

I am now grading your papers, and I will do it as quick as possible, but many other engagements will slow done my speed. But I always deliver in due time, so, no later than 2 February.

13 January 2018

Sven-Olof Yrjö Collin
